On behalf of the entire Housing and Residence Life team, we offer you a warm welcome to Western’s residence community. We are committed to providing you with a top-notch residence experience and are excited to show you the many benefits life in residence can provide.

Residence Life engages and connects you to the University community, and fosters your growth as a leader. We are here to assist you in achieving your academic goals by creating residence communities that maximize your potential for success. While in residence, you also have a unique opportunity to learn more about yourself and others, as well as experience different people. There are ample opportunities for leadership and involvement, a range of activities, and life-long friendships to be made!

Living in residence for the first year or two of your university life will support and enrich your academic experience. Our research consistently shows a strong relationship between living in residence and academic success. Living right on campus puts you at the centre of everything – you’re a quick walk to class or to one of Western’s many libraries. Residence provides easy ways to find others to form study groups, share class notes, or prepare for exams. You also have convenient, exclusive access to study space. We strongly believe that your residence environment provides the positive support you need to enable you to concentrate on pursuing your academic goals.

All of our on-campus residences are about convenience – whether you are taking advantage of Western’s state-of-the-art campus recreation centre or being just steps away from a bus stop that will enable you to explore the beautiful and vibrant city of London.

We are proud of our residence facilities and the variety of room options available to you. You’re welcome to tour our residences and experience them for yourself. Please check our website for more information or let us know if we can assist you in any way.

Again, on behalf of the Department of Housing, welcome to Western University. Best wishes for a rewarding academic year.

Christopher Alleyne, Director of Residences
RESIDENCE GUARANTEE

A Place for Everyone

You are invited to become an important part of our residence community, where Western students live and learn together.

If you are a single student, coming directly from high school, and have received an offer of full-time, first-year admission to Western University by mid-August 2018, then accommodation is GUARANTEED.

Please pay close attention to the deadline dates as outlined on page 28.

To top it off, if your final admission average for university is 90% or higher and you live in residence in your first year, you will be guaranteed on-campus accommodation for your second year, as long as you submit your request by the deadline date.

As part of Western’s National Scholarship Program, President’s Scholarship and Faculty Entrance Scholarship recipients are guaranteed their first choice of residence building and single-room accommodation. (Please refer to page 25 for details.)

The fine print:
Students who do not meet our guaranteed offer requirements are still eligible to apply to the residence waiting list if they are single and are academically admissible for full-time studies on Main Campus. Students registering at Brescia, Huron or King’s are not eligible for residence at Western’s Main Campus. Students with families are encouraged to contact Platt’s Lane Estates, our University-owned family accommodation.

Scholarship recipients are guaranteed their first choice of residence building and single-room accommodation. (Please refer to page 25 for details.)

Academic edge
Students who live in residence are more academically successful. There are many programs in residences that support your academic efforts – ‘Prof Meet and Greets’ events, exam review sessions, peer study groups, and academic skills workshops – all right where you live!

Clean and cared-for facilities
We’re continually upgrading and renovating our buildings to ensure that you can enjoy high-quality, well-equipped accommodations. We also provide regular in-room cleaning, and common areas of your floor and building are cleaned every day.

Convenient and easy access
Living on campus means that you’re always close to your classes, campus services, and extracurricular opportunities. Meeting with a professor or studying in the library is only a short walk away!

Dining at ease
We’re proud that dining halls are located right in the residences, and our flexible meal plan gives you easy access to each one of them. Our chefs prepare a wide selection of food in house so there’s always something new to try. You can dine in, order in, or dine out – all on your residence meal plan!

Focus on safety
Every residence has a front desk that’s only a call away, residence staff members living on every floor, and guest registration staff working on the weekends. Someone is always available to help!

Growing your leadership skills
Expand your personal and professional skills through involvement in numerous academic, social, cultural, and recreational activities just steps away from your door! You can gain valuable leadership skills to help you land your dream job when you graduate by getting involved in your Residents’ Council or becoming a Residence Staff Member or Residence Orientation Leader (Rez Soph).

Internet connection
RezNet, Western’s preferred internet provider in residence, gives you easy and affordable access to high-speed internet and to academic resources such as OWL, the Western Library system, and Western email. RezNet subscribers have convenient wireless access available throughout all residence buildings in addition to our high-speed wired service. Need help connecting? The RezNet Team is available to help you in your room or over the phone, especially on move-in days!

Making new friends
Residence enables you to easily meet new people and make connections with hundreds of other first-year students. Making new friends is one of the best parts of living in residence!

Seamless move-in
Our 850 Orientation Leaders (Sophs) ensure that your move-in day is stress-free for you and your family. If you let us, we’ll unpack your vehicle and ensure your belongings are taken straight to your room!

Variety in building/room options
Our nine residence buildings in three different styles mean that you have a lot of different options to choose from, all of which offer the same great convenience, programming, and leadership opportunities.

*Source: The Office of Institutional Planning & Budgeting, Western University, 2002-2016
Residence Amenities

- Workout rooms, piano rooms, and laundry facilities
- In-building dining halls – a delicious, home-cooked meal is waiting for you just downstairs. No need to trek across campus to a central dining facility
- Main lounges for residence events – equipped with ping-pong and pool tables, plenty of couches, and flat screen TVs
- Safety is important to us – our doors are locked 24/7 and there is always someone a phone call away at our residence front desks
- Regular caretaking from our facilities management staff – we even clean your bedroom!
- Study rooms available in your building

EVERYTHING YOU NEED UNDER ONE ROOF

24HR
front desk services, accessible in person or by phone

CLEANING
regular in-room cleaning in all residences – we’ll dust, vacuum, and take out your garbage

19
Living-Learning Communities in our buildings that group residents who share the same faculty, program, or interests

380
upper-year student leaders living in residence, ready to connect you to campus and assist you with any questions you may have
Traditional-Style Residence

A combination of single and double rooms along a hallway where residents share common washrooms with members of their floor community. Washrooms are separate for males and females, and some floors have additional all-gender washrooms depending on the building.

TRADITIONAL
- Most affordable option
- Easy to make friends and meet others
- Floor washrooms with private showers cleaned every weekday
- Strong sense of community and belonging

We offer single-gender and mixed-gender accommodation options depending on students’ identified preferences. There are about 30 students on each floor. We do offer some single-gender (woman) floors for those who prefer this option, if demand is sufficient.
Mostly double rooms (and some singles) where two rooms form a semi-suite and have their own private washroom (though no kitchen or living room).

**HYBRID**

- Strong sense of community similar to traditional-style
- Private washroom shared between two double rooms
- Extra storage in common area of semi-suite
- Extra common-area sink in semi-suites with double rooms
Suite-Style Residence

Elgin Hall | Essex Hall | Alumni House* | London Hall*

Four single rooms form a suite and share a small kitchen/living room, as well as two washrooms – one at each end of the suite.

SUITE
• Most expensive option
• Has increased privacy as two washrooms are shared among four bedrooms
• Shared kitchen and living room space
• More challenging to make connections with others outside the suite since socializing tends to occur amongst the suite-mates
• Difficulties can arise with maintaining cleanliness of the shared kitchen and washrooms, though caretakers handle occasional light cleaning

* Alumni House and London Hall are available to upper-year students only. (Please see page 23 for more information.)
How to Choose Your Residence

HOW DO I RANK MY RESIDENCE CHOICES?

We offer the same programs and activities in every residence. More importantly, the same strong sense of friendship and belonging develops among members of each floor community in all the residences, big or small. You will be able to walk to the centre of campus in 10 minutes from any residence. Best of all, you can easily make new friends during meal times as there are dining halls within each residence community! Having a bite to eat with your new floor-mates is a great way to meet others. Don’t worry about your placement – you’ll have a great year in any one of our residences.

HOW ARE RESIDENCES ASSIGNED?

We ask you to rank all of our residences, from most-desired to least-desired, on your Residence Placement Questionnaire. Consider the style of residence, cost, and the Living-Learning Community offerings. There are a number of single rooms available though we can’t guarantee this option. Building assignments are made using a computer-generated number, randomly assigned to each student. Placement is based on your ranked preferences of buildings. If your most preferred residence in your ranked list is filled by the time your number is picked, you will be assigned to the next available residence in your list of preferences.

HOW DO YOU MATCH ROOMMATES?

We make every effort to match people with similar lifestyle habits, such as whether they study with or without music in the background, whether they prefer to go to bed early, how tidy they prefer their surroundings, and more, based on their answers on the Residence Placement Questionnaire.

We respect that a person may wish to live with students irrespective of their or others’ gender identity or expression. Both single-gender and mixed-gender housing options are available for students to choose from when you fill in the online Residence Placement Questionnaire at myhousing.uwo.ca/portal.

Please note that smoking and alcohol abstention preferences, along with age, take precedence in the placement process over other lifestyle habits.

About Mixed-Gender Housing

If a student chooses ‘Mixed-Gender Housing’ in the online Residence Placement Questionnaire, we will not consider your gender identity when placing you in a room or suite with other students. You will be matched with someone based on lifestyle preferences (tidiness, study habits, bedtime, etc.)

As a result, you might be assigned a roommate or suitemate(s) of the same gender, or with someone whose gender identity is different than yours. Mixed-Gender Housing is an opt-in process, and accommodations will be available based on demand.
Western promotes a residence atmosphere that’s conducive to sleep and study at all times. Our staff are available to respond to any noise disturbances that might occur. Residence Staff members help floor-mates set guidelines to maintain a mutual level of respect and understanding of one another’s need for an environment that encourages academic study.

- 24-hour quiet hours are strictly enforced during Western’s exam periods, while 11 p.m. until 8 a.m. quiet hours are set for regular school nights
- Structured programs are run throughout the year to connect you with others in your classes and with professors from your faculty and program
- Organized study groups and academic support sessions are available throughout the year
- In addition to the wired internet service in your bedroom, RezNet wireless service is available in all residences
- Study rooms are conveniently located on your floor and in your building

Studying for university takes personal discipline and self-management skills no matter where you live. Give yourself an academic edge by living and learning in residence!

**Study Rooms**

Enjoy a casual, relaxed setting where you can work on your studies with some friendly support right in your residence! Academic and Leadership Programmers (ALPs) regularly use these spaces to meet one-to-one with students and run helpful workshops designed to help students succeed academically.

**Service Learning**

As an initiative founded in residence, the Western Alternative Spring Break (ASB) program offers all students at Main Campus the opportunity to work on a week-long, hands-on community project. Most of these projects take place outside of Canada.

Learning is not limited to opening a book or listening to a lecture. We learn from every moment, situation, and personal encounter.

Residence life provides many opportunities that will allow you to succeed. You will be surrounded by hundreds of other students who are eager to work collaboratively on course work. Orientation leaders and residence staff also work very hard to ensure that you have the opportunity to meet your personal and academic goals.

— Nicholas M., Social Science
Living-Learning Communities

One of our most effective, high-impact, and immersive programs in residence.

Living-Learning Communities (LLCs) are themed floors where residents who share the same academic faculty, program, or interest live together on the same floor. They are developed to give students a more enriched living and learning environment, combining academic integration, personal development and community engagement.

LLCs offer students numerous additional benefits that enhance their academic potential, including:

- An easy way to meet peers who share the same interests and academic goals
- Easier access to study groups and social events
- Programs and events tailored to fit their needs, goals, and interests
- Multiple upper-year mentors who have first-hand experience with residents’ classes and assignments
- Enhanced opportunities for career and life-skill development
- Volunteer and leadership development opportunities connected with their academic community
- An increased sense of belonging in a particularly supportive environment

Specially trained Residence Staff live on each floor to help students enhance their academic potential.

Did you know?

More than 1,200 residents attend the “Get the Scoop” workshop every September to learn about academic transition from Academic and Leadership Programmers (ALPs) and Learning Skills Counsellors.

All Living-Learning floors are optional for students. There is no additional cost to live on any of these floors.
Students living in these communities benefit from the friendship and support of being in direct daily contact with other students who share their classes, academic interests, exams, and course load. Each community provides residents with informal out-of-the-classroom contact with professors, academic counselling, career nights, exam review sessions, as well as interactions with campus partner mentors.

Students need to be accepted into the specific program in order to be placed on the particular faculty-based floor.

*Acceptance into these programs are not finalized until summer.*
Interest-Based Learning Communities

AYUKWANAKTIYÓHAKE’ AND ALLY COMMUNITY (INDIGENOUS AND ALLY COMMUNITY)

*Offered at Delaware Hall*

Members of the First Nations, Métis and Inuit communities as well as their Allies are welcome to learn about Indigenous culture, history and identity. In collaboration with Indigenous Services, this community offers culturally responsive programming and academic support with the goal to foster Indigenous presence and inclusion. Some examples include ceremonial celebrations, understanding Indigenous history and language, and a visiting elders program.

LEADERSHIP AND VOLUNTEER COMMUNITY

*Offered at Essex Hall, Perth Hall, and Saugeen-Maitland Hall*

Are you an engaged leader with a passion for serving others? The Leadership and Volunteer Community will help you give back to your community and explore your leadership style with others who are interested in reaching their full potential! Living in the Leadership and Volunteer Community will help you enhance your “marketability” and strive for your personal goals as you participate in various leadership development opportunities and service-learning initiatives (a form of experiential education that allows students the opportunity to serve their communities while reflecting on what the experience has taught them).

LGBTQ AND ALLY COMMUNITY

*Offered at Ontario Hall*

Do you feel passionate about expanding your knowledge in the area of gender identity, sexuality, and social issues? The LGBTQ and Ally Community welcomes all members of the Lesbian, Gay, Bisexual, Transgender, Transsexual, Two-spirited, Queer, and Questioning community, and their Allies (those who support and positively affirm all members of the Queer community). This community offers a supportive environment for students questioning their gender and/or sexuality, advocates for LGBTQ rights, and strives for an environment where all residents feel celebrated and empowered.
In addition to our Living-Learning Communities, we also offer Lifestyle-Based Floors. Students who share the same lifestyle can choose to live together on these floors, available in Saugeen-Maitland Hall and Medway-Sydenham Hall.

**Alcohol-free floors** are for students (regardless of age) who commit to an alcohol-free lifestyle and want to live among others who have chosen the same. Each member on the floor is responsible for maintaining the integrity of this option.

**Quieter lifestyle floors** are for those who prefer to live in an environment with greater restrictions on noise. Standards for quiet are set by the residents of each floor.

**Single-gender (woman) floors** are offered for those who choose this option.

If there isn’t sufficient interest to fill a full floor, the option may not be offered.

---

**Selection Process**

If you are interested in applying to one or more of the Living-Learning Communities or Lifestyle-Based Floors, please indicate your preferences in the appropriate boxes in the online Residence Placement Questionnaire. You will be placed accordingly.

Students who applied to our interest-based communities answer brief questions to assist in the placement process.

All of these floors are arranged as demand dictates. Certain options may not be offered if we don’t have sufficient student interest to fill a full floor. While we do our best, we cannot guarantee placement on the floor of your choice.
LEADERSHIP OPPORTUNITIES

Stay Involved and Grow Your Leadership Skills

At Western, we believe that experiential learning plays an important role in students' academic success.

There are more than 500 student leadership positions available in residence – from volunteer ‘Rez Soph’ positions to paid Residence Staff positions. By taking advantage of these opportunities, you will be able to leverage your skills, gain valuable experience, and provide assistance to others, while also developing applicable leadership competencies for your future career.

Residence Dons and Residence Advisors
As part of the Residence Staff team, Residence Dons and Residence Advisors (RAs) are part-time paid positions for upper-year students. Dons and RAs live in residence on each floor to serve as a link between students and the University. Their number one priority is to help make your Western experience the best it can be by answering questions, organizing activities, connecting you to campus resources, and upholding residence policies.

Academic and Leadership Programmers
Academic and Leadership Programmers (ALPs) are Residence Staff who are upper-year, full-time students trained to provide the support and assistance students need to make their transition to university-level academics successful.

Residents’ Council Members
Residents’ Council Members are elected or selected representatives of the residents. They organize social activities and programs including intramural sports, formals, special outings, and study groups.

Rez Sophs
Residence Orientation Leaders, also known as ‘Rez Sophs’, are upper-year students who volunteer their time to share their own experience and help first-year students in their transition to university. Sophs are known as the “spirit keepers” on campus, energizing students during Orientation Week, facilitating move-ins in September, and providing peer support throughout the year.

Residence Tour Guides
Residence Tour Guides are part-time paid positions for students living in residence who provide guided tours to visiting parents/students to show them the facilities in each residence, including their own bedrooms. They are the front-line ambassadors to promote residence life as part of the campus tour program.

Front Desk Staff
Front Desk Staff look after our reception areas in the residence lobbies. They answer phones 24/7, greet guests, issue replacement keys, pick up mail and parcels, dispatch on-duty residence staff to handle concerns, and take maintenance requests. Some part-time hours are available.

RezNet Support Team
The RezNet Student Support Team provides quality in-room and telephone technical support to fellow students in residence. This part-time position for upper-year students combines customer service and an opportunity to apply technical skills acquired during our annual RezNet Staff Conference in August. The benefits of working with RezNet include full technical training, on-campus location, flexible hours, a student-run environment, and an opportunity to expand your technical skills.

Upper-Year Residence Street Team
Street Team members are part-time employees that promote on-campus living for students in their upper years. They are trained to provide information on leadership opportunities and other unique benefits of living in residence after first year.
We are here to support

The Housing Office team of professionals are experienced in dealing with students’ transition from high school to university life. We are committed to creating a supportive residence community that maximizes your potential for success.

Office of Residence Education and Programs
The Office of Residence Education and Programs (OREP) works with the Student Success Centre, Student Development Centre, International & Exchange Student Centre, the University Students’ Council, and other departments on campus to organize various social and learning activities to create an engaging environment for residents to support their transition to university life.

Residence Managers
Residence Managers are full-time employees of the University who live and work in each residence. They are responsible for promoting an atmosphere of academic achievement, community living, as well as the enhancement of student learning outside of the classroom.

Residence Counselling
Residence Counselling offers confidential counselling services, free of charge, to students living in residence on a wide variety of issues, and raises awareness among residents regarding the available health and mental health services on campus. Our Residence Counsellors work closely with other campus departments to promote coordinated services to students living in residence.

Facilities Management
Facilities Management Staff work during the day to ensure a clean and well-maintained living environment. They are also responsible for repairs and maintenance work.

Dining Hall Staff
Dining Hall Staff prepare your meals and snacks throughout the day and answer any nutrition questions that you may have. Our chefs at the interactive stations will cook customized meals for you.
In-house dining
We’re proud to offer dining halls in all of our residence buildings that accommodate first-year students. No need to trek across campus to a central dining facility. You can also use your meal plan at any on-campus residence dining hall, so it’s easy to share meals with your floor and friends from other buildings – you’ll love the convenience!

Choices! Choices!
Check out the selection of our flexible and affordable meal plan. With à la carte menus, you only pay for what you buy, and you’ve got plenty to choose from—fruit, salad, soup, deli bars, hot meals cooked by our in-house chefs, and comfort foods served at our late-night snack bars.

Tailored to your dietary needs
It’s easy to make healthy food choices in our residence dining halls, even when dietary restrictions are observed. Our “veg-centric” six-week menu rotation features a wide variety of options including several meatless, vegan, gluten-free and halal selections. To assist students with dietary restrictions, the 10 priority allergens identified by Food Allergy Canada are disclosed on the digital menu boards.

At Western we support students living with food allergies. If you have severe food allergies, we strongly encourage you to self-identify by sending an email to nutritionservices@uwo.ca prior to September and please, identify yourself to one of our staff when you arrive on campus. We will gladly work with you to help identify safe foods. Our Nutrition Manager is available to assist with any dietary needs you may have.

Sample Menu
Below is a sample of a residence dining hall menu. All students in residence (except those in Alumni House and London Hall) are required to purchase a meal plan.

BREAKFAST
Eggs – scrambled or fried to order
Hayter’s Farm Turkey Bacon
Pork Sausage Patty
Hash Brown Potatoes
Hot Oatmeal & Fruit
Blueberry Pancakes
Selection of Cold Cereals
Meatless Egg Biscuit
Chicken and Vegetable Congee

LUNCH
Eggplant Mozza Melt
Fusilli Pasta with Garlic Sausage & Arugula
Leek, Mushroom & Cheese Frittata
Fresh Market Vegetables
Chicken Shawarma Bowl
French Fries
White Rice
BBQ Pulled Pork Sandwich
Chicken Pesto Flatbread
Chicken Marinara Panuzzo

UNDERSTANDING YOUR MEAL CARD

The residence meal plan is comprised of two main components: the overhead fee and the food credit.

Overhead Fee
The overhead fee is used to maintain and operate the dining halls. This includes labour, capital costs, equipment, etc. There is no food credit value to the overhead fee and it is non-refundable.

Food Credit
The food credit portion of the meal plan works like a debit card with a declining balance. There are two types of food credit in your meal plan – Residence Dollars and Flex Dollars:

- **Residence Dollars** are used at residence dining halls and on-campus eateries. The cost of food purchased in the residence dining halls is reduced and tax-exempt to reflect that the overhead has been paid. When purchasing at on-campus eateries, you will pay full retail price, but tax-exemption still applies.

- **Flex Dollars** can be used for on-campus confection purchases (such as at vending machines), and at our meal plan partner restaurants found both on and off campus. Many take-out/delivery options are available. Off-campus flex purchases are subject to full retail price, plus applicable taxes.
CAN I BUY A SMALL MEAL PLAN IN CASE I WON’T EAT THAT MUCH?

There are two different meal plan sizes. Whether the smaller meal plan will cover all of your meals for the academic year very much depends on your eating habits. As a light to average eater, if you purchase the majority of your meals in residence and occasionally go home on weekends, the food credit should last for the academic year. You can add more food credit at any time and are not required to pay further overhead costs when doing so.

WHAT IF I HAVE FOOD CREDIT LEFT OVER BY THE END OF THE YEAR?

At the end of the academic year (April 30), any unused food credits (Residence Dollars or Flex Dollars) can be transferred to a Campus Meal Plan or Residence Meal Plan for the following year, or you may request a refund. Remember, the overhead fee is non-refundable.

DINE IN OR OUT

You may use your Flex Dollars to order in-home delivery (for example, pizza), to make selections from vending machines in residence and on campus, or to dine at selected local restaurants that are our meal plan partners. When using your Flex Dollars for these options, alcoholic beverages are excluded and you pay regular retail prices (which include overhead costs and are subject to applicable taxes for off-campus purchases).

HOW DO I USE MY MEAL CARD?

Your Western ONECard functions as both your student identification and your meal card. Your account will be credited with your full year’s Residence Dollars and Flex Dollars prior to your arrival. The meal plan program is based on a declining balance system, meaning that when you buy food, the purchase amount will be deducted from the balance on your Western ONECard. You are in control of your own food credit budget and have complete flexibility in menu selection and eating times.

By eating the majority of your meals in the residence dining halls, your food credit will last much longer.
RezNet is Western’s internet service provider in residence. We provide you with a high-speed wired connection in your residence room, as well as connectivity throughout the rest of residence on our wireless network.

Why RezNet?

- Unlimited internet usage
- Exclusive WiFi service residence wide
- Great value and service at an affordable price

What should I bring with me to residence?
You need to bring an Ethernet cable in order to connect your laptop to our high-speed wired network. Our wired service provides the highest quality service and is the best connection for critical academic work, financial transactions and gaming. Our convenient wireless service is best suited for casual smart phone, tablet, or laptop use. If your computer does not have an Ethernet port (like the MacBook Air or most Ultrabooks), you will also need to bring an external network adapter with you to residence.

What type of computer do I need to connect to RezNet?
Almost any computer can connect to RezNet! Our staff support computers with all current versions of Windows and Mac OS X.

How do I sign up?
To confirm your subscription to RezNet, ensure that “Yes” is selected from the RezNet section on your online Residence Placement Questionnaire for 2018–19 at myHousing.uwo.ca/portal

What if I need help?
Our excellent student support team is available on move-in days to help you in your room or over the phone! Our friendly staff and RezNet hotline are also available throughout the year to answer questions related to internet in residence. You will also receive a user-friendly RezNet Handbook. It contains instructions to help you connect your devices to RezNet.

RezNet charge, covering the 2018–19 academic year: $395
98% annual subscription rate, making RezNet the internet service provider of choice for residence students
6 days/week RezNet hotline, open to provide quality technical support to residents
Safety is a shared Responsibility

In the Residences:
- Front Desk Staff are available 24-hours a day by phone and in-person at residence front desks
- Access to buildings and/or access to the residential areas of buildings, is restricted 24/7 by locked door controlled by card access
- At designated times, pre-registered guests must show valid photo ID, be signed in at the front desk upon entry to the residence, and be accompanied by a resident of the building at all times
- Residence staff members are available to respond to emergencies within the residence
- Emergency response services (fire, police, and ambulance) are only a phone call away

On Campus:
- Campus Community Police Service
  Campus Community Police are responsible for law enforcement, and provide emergency and routine response on campus 24 hours a day, seven days a week. Campus Community Police support many community services and programs to help meet the safety needs of Western’s diverse community, including personal safety and responsible drinking presentations, theft prevention tips, bicycle registration, security audits, and safety-related print materials.

Emergency Blue Phones and Direct-link Pay Phones
Located throughout campus, emergency blue phones and Bell Canada pay phones provide fast, free and direct communication to Campus Community Police Service. In the event of a need for immediate assistance, simply press the ‘emergency’ button.

Student Emergency Response Team (SERT)
SERT is a student-run volunteer organization affiliated with Western Student Health Services. SERT members respond to all medical emergencies on campus 24 hours a day, seven days a week. Recognized by the Ministry of Health as the first responder for Western, SERT is dispatched directly through Campus Community Police Service by calling 911 from any campus phone or residence front desk. The SERT service is completely free to use.

Western Foot Patrol
Foot Patrol is a free service that provides walk-safe escorts, deters crime through patrols, and promotes safety awareness. Students can request a safe escort on the main and Affiliated University College campuses any day of the week, free from any campus pay phone. The program welcomes volunteers and accepts applications from students, staff, and faculty.
Commitment to Diversity

Living in residence means that you have rights. You also have responsibilities. It’s essential that you respect the rights of your fellow residents, including our commitment to diversity. Respecting others will make them more likely to respect you in turn. Residence living requires a spirit of mutual respect and cooperation.

Create a positive residence community:

Take care of yourself
Take care of each other
Take care of this place

We’re all part of Western’s diverse community. Residence Life embraces, appreciates, and celebrates people of all races, nationalities, sexes, gender identities, affectional or sexual orientations, socioeconomic statuses, spiritual practices, abilities, and any other dimension of personal lifestyle. Society is strengthened by human diversity and the growth fostered by an inclusive community. Every person has equal worth and deserves to be treated with dignity and respect accordingly.

We work and live together, maintaining an environment of mutual respect and interpersonal curiosity, while also striving to have positive interactions with one another. We can learn from one another and gain a greater understanding of, and appreciation for, our fellow people.

We’re responsible for our actions and our behaviour will model our values: we treat others with respect and we expect them to do the same to us. We don’t subscribe to attitudes or actions that hurt or degrade another person because of their age, ability, nationality, race, sexual orientation, religious affiliation, gender identity or expression, or any other reason. Any form of abuse, harassment, threat, or violence is incompatible with our philosophy and will not be tolerated. We don’t accept ignorance, anger, alcohol, or substance abuse as a valid excuse, reason, or rationale for negative behaviour.

We are here to help
If our housing features or roommate options do not support your gender identity/expression and/or sexual/affectional orientation, please contact housing@uwo.ca to discuss a placement that is right for you.

- 10% of our residents are international, coming from more than 66 countries across the world
- 6% of our residents identify as lesbian, gay, bisexual, transgender, queer or questioning
- 16% of our residents are first-generation students, being the first in their family to attend post-secondary education
- 90% of our residents are 18 or younger when they arrive on move-in days
- 20% of our residents hold part-time jobs while attending Western
You can continue living in residence in your upper years and enjoy the convenience of on-campus living, a great community environment, leadership opportunities, and an optional meal plan. Plus, upper-year students can choose their preferred residence, select their room and live with their friends. There is no random draw for upper-year applications, it is on a first-come, first-served basis!

**Alumni House** and **London Hall** are our two upper-year residences. Upper-year Living-Learning Communities include an **Education Floor**, **Graduate Student Floor**, **Ivey Floor**, and **Law Floor**.

Upper-year students can also opt to live in any one of our other seven first-year residences where single rooms are available.

Students who have a **90% or higher** final admission average are **GUARANTEED** residence for their second year at Western!

University-owned apartments, conveniently located on campus, are also available for upper-year students. Living at the University Apartment Complex allows you to maintain your independence but stay connected to campus community life. With Western as your landlord, you can be assured that we care about your living experience.
How are residences assigned?
Assignments are made based on a computer-generated random number assigned to each student. Some of the residences may be filled by the time your number is reached. You will then be assigned to the next available residence on your list of preferences.

We also consider the information that you provide on the online Residence Placement Questionnaire, including lifestyle information, building and roommate preferences, and other information you tell us about yourself.

When will I find out my placement?
You will be informed in late July of your residence placement and will find out your room assignment and your roommate’s name upon arrival in September. We reserve the right to assign rooms based on availability, including combining multiple residents into rooms within reasonable limits of safety and comfort, in situations of high demand.

What if I have a preferred roommate?
If you wish to room with a friend (one person only), you are guaranteed to be placed together as roommates provided that each of you:

• Receive guaranteed offers of residence prior to room assignment;
• Rank your building preferences identically on your Residence Placement Questionnaire;
• Join the same roommate group; and
• Submit the documentation required to secure your residence spaces by the appropriate date.

Once you know your residence assignment in late July, if you and your requested roommate have been assigned to Elgin Hall, Essex Hall, Perth Hall or Ontario Hall, and you wish to share a suite with other students who have also been placed in the same residence, each student needs to forward a request to the Residence Admissions Office at housing@uwo.ca by July 27, 2018.

Please note: You and your preferred roommate must be in the same faculty or program in order to be placed together in a Faculty-Based Learning Community.

What are my chances of getting a single-room placement?
The two suite-style residences, Elgin Hall and Essex Hall, are comprised of four single bedrooms in each suite. In addition, the traditional- and hybrid-style residences also offer single rooms in each building. In total, there are approximately 1,100 single rooms available for first-year students.

You may indicate your preference for a single room by checking the appropriate box on the online Residence Placement Questionnaire. However, we are unable to make any guarantees of single-room placement.
If you have checked the box indicating your preference for a single room and are initially assigned a double room, you may still be reassigned to a single room before you move in. Note that single-room placements will override your request for a specific roommate.

**Do marks affect my assignment?**
President’s Entrance Scholarship and Faculty Entrance Scholarship recipients are guaranteed their first choice of residence building as part of Western’s National Scholarship Program. We also place them in single rooms unless they request a double room throughout the duration of their scholarship.

Students with a 95% or higher entering average based on mid-term marks are placed in one of their top three residence choices. However, double- or single-room assignments are dependent on the random draw.

**Special needs accommodation**
Meeting students’ needs is important to us. Most of our residences are accessible to people with differing physical abilities. Essex Hall, Elgin Hall, Perth Hall, and Ontario Hall have incorporated a number of barrier-free design features, including some specially designed suites. It is important to review our website (residence.uwo.ca/spneeds) for detailed information on our special needs criteria, as well as how to make a special needs request. Requests must be received by the Residence Admissions Office on or before June 5, 2018.

We caution that our residences may not be suitable for individuals with serious mental health concerns, unusual allergies, dietary or health-related conditions that require extraordinary accommodation.

---

*The Rhodes Scholarships are postgraduate awards supporting outstanding all-round students at the University of Oxford, and provide transformative opportunities for exceptional individuals around the globe.*

---

Living in residence allowed me to become involved in the University in a way that would not have been possible otherwise. Even now, it is the friends that I made within the residence system that serve as the bond connecting me to Western, even from across the Atlantic.

— Brian C., Rhodes Scholar*
You are required to pay a $900 prepayment to accept your residence offer on or before the deadline date indicated with your academic offer.

It is important to complete the online Residence Placement Questionnaire at myhousing.uwo.ca/portal on or before June 5, 2018.

Changes to any residence or lifestyle preferences received after June 8, 2018 may not be considered.

Residence accommodates all personality styles. Living in residence doesn’t just make getting around campus easier, but it changes your life forever. You will become friends with people, and those friendships will be stronger than any friendships you have previously encountered. You become a family with the people you live with, and miss them every second they are absent from your presence. Residence will not be a good experience. Residence will be an incredible experience.

— Mitchell C., Arts

Accepting your Residence Offer

Something to Consider

Living in residence is not for everyone. Each of our residences accommodate a high-density population of diverse individuals. Some students find that the requirements for cooperation, consideration, compromise, and respect for authority demanded by this high-density lifestyle difficult. We strongly encourage these individuals to consider alternate accommodation.

Keep in mind that tampering with fire-related equipment, illegal drug use, and assaults are not tolerated in residence and will result in the termination of your residence contract and forfeiture of your residence fees.
A residence invoice will be available online in late July, along with a residence contract and information regarding your residence placement and move-in. Residence fees are due by August 1, 2018. If we do not receive your first installment of residence fees by the deadline date, your accommodation may be cancelled.

In light of the increased demand on our residence spaces, we will be strictly adhering to our deadline date.

Fees may be paid in full or in two instalments. The minimum first-term instalment is $7000. This payment is in addition to the full residence prepayment fee of $900, which will be credited to your account. Second instalment payments will be due in mid-January 2019.

**CANCELLATION**

Occasionally, students cancel their residence offer before the academic year commences. Half of the $900 prepayment will be refunded if your written notice of cancellation is received by the Residence Admissions Office no later than August 1, 2018. If you cancel your residence offer after that date, you will forfeit your $900 residence prepayment. Please note that in order to cancel your residence accommodation, you should contact the Residence Admissions Office directly at housing@uwo.ca.
